BOARD CHAIR MESSAGE

Jillian Faber
Farrell's
2026 Board Chair

I'm Jillian Faber, co-owner of Farrell's eXtreme Bodyshaping, and I'm honored to serve as your 2026 Board Chair. For over 11 years, Farrell's has been passionate about serving our community in the health and wellness space, helping individuals transform their lives through fitness, nutrition, and supportive community. At Farrell's, we believe in the power of dedication, encouragement, and celebrating every milestone. These values mirror what makes our Chamber so special. I've experienced firsthand how the Woodbury Area Chamber creates meaningful connections that help businesses thrive. I'm grateful for the relationships we've built and excited to lead our Board of Directors as we continue strengthening our remarkable community.

Looking ahead to 2026, I'm thrilled about the initiatives we have planned. A primary focus is developing a comprehensive program within the Woodbury Chamber Business Foundation that includes a Growing Leaders initiative. We'll be cultivating the next generation of business and civic leaders, supporting our educators, and forging pathways between students and career opportunities right here in Woodbury. We're also introducing Chamber 201 to help maximize your membership involvement. This program will ensure you're taking full advantage of every benefit available to you.

Together, we're building a stronger chamber and community. I look forward to seeing you at our events throughout the year and working alongside you to make 2026 our most impactful year yet!

Ever have days where your brain feels foggy, your patience is short, and your energy is dragging? Most of us chalk it up to being busy — but often, it's just the last 72 hours catching up with us. Sleep, nutrition, movement, and stress all play a role, and the good news is, small changes can create big shifts.

- ✓ fit movement into a packed schedule
- ✓ increase productivity by supporting your physical energy first

This is practical, doable well-being for real humans with real schedules. You'll leave with Your body runs your business. Let's make sure it's running well.

The fear of failure can be paralyzing but embracing it as a valuable opportunity for growth can lead to increased confidence and a deeper understanding of one's abilities. While success is often celebrated, it is the trials and tribulations faced along the way that truly shape us. Walk away with solutions for how you can build a healthier mindset when failure shows up; specifically:

- o Solutions to help navigate feelings of failure.
- o Ways to build resilience.
- o How to reframe failure.
- o Practical mind-body application for handling the stress response cycle while incorporating play into your day
